Officers20091021

Ideas for improvement of LUG order and structure:
  Post rough meeting structure on wiki mainpage
  Use the wiki to keep track of meeting minutes and to post discussion topics before the meeting
  Wiki editing instead of IRC on projector
  Laptops are not an issue during meetings
  Shut up when someone else is talking
  Potentially elect a new treasurer

Officers are here to administer lug (administrative tasks)
  We're facilitators, not here to keep you entertained.
  Get involved.

Weekly meetings take effort to put together

Presentations on shell commands?
  Simple preparation
  helps people

We will hold presentations if people offer to give them.
  Presentation signup on the wiki
  5-15 minute presentations
  Get approved by an officer
  Make a wiki version for posterity

Hold help sessions in Fisher Hall
  Experienced linux user sits in the fisher lobby on a weekend, just to help people

Command line presentations
  Find
  Grep
  Locate
